

Simple Accessibility Options

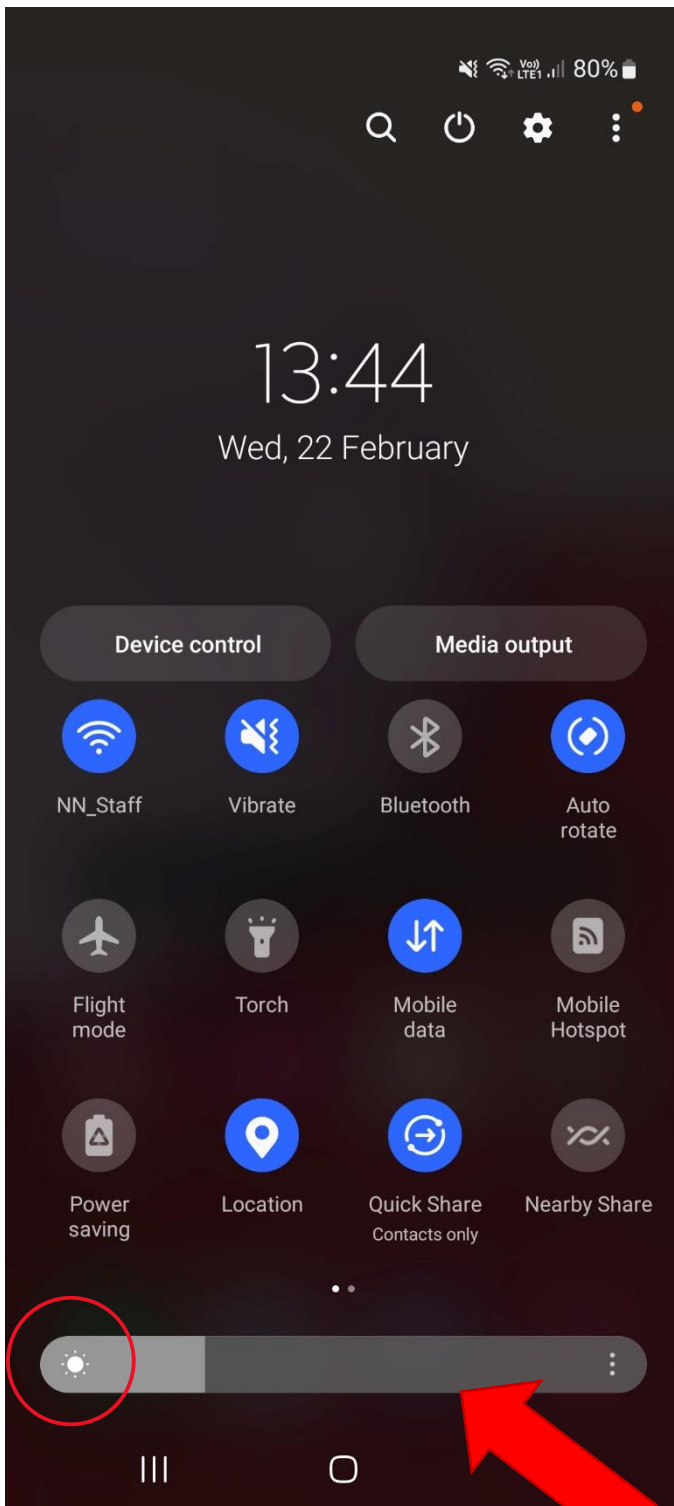

Adjust Brightness

Start by swiping down from the top of your screen.

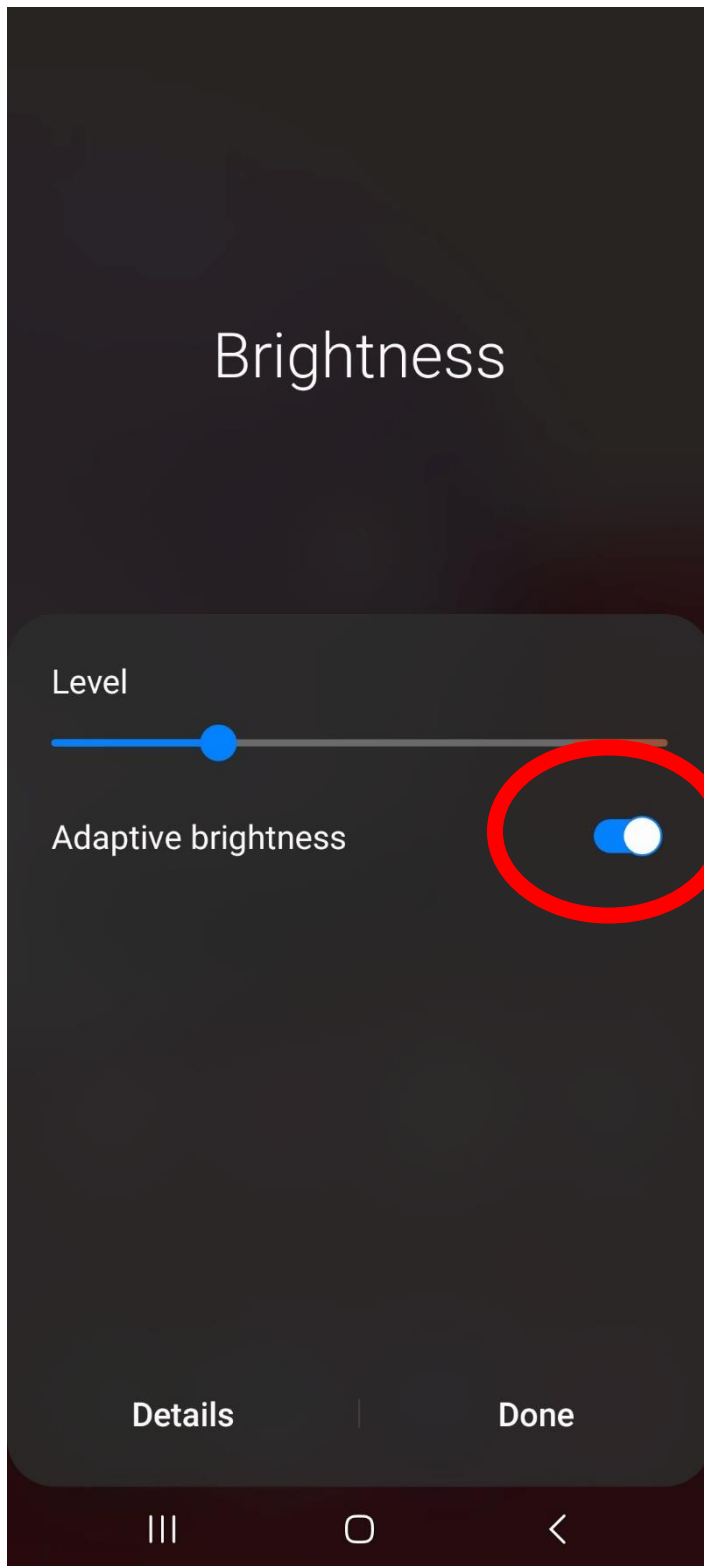

Then swipe down again for the full menu.

Change your brightness level by dragging left or right along the **grey bar at the bottom**.

The menu will disappear while you do this, so you can see the brightness level more clearly.

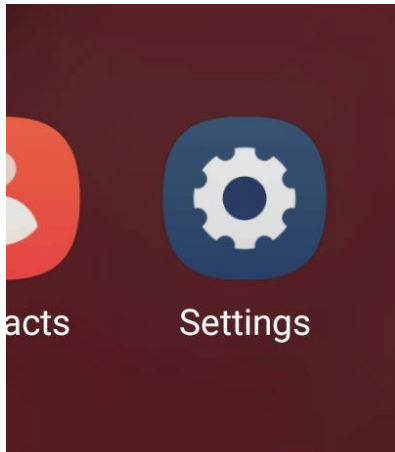

Extra Step:

Tap on the 3 dots at the end of the brightness bar.

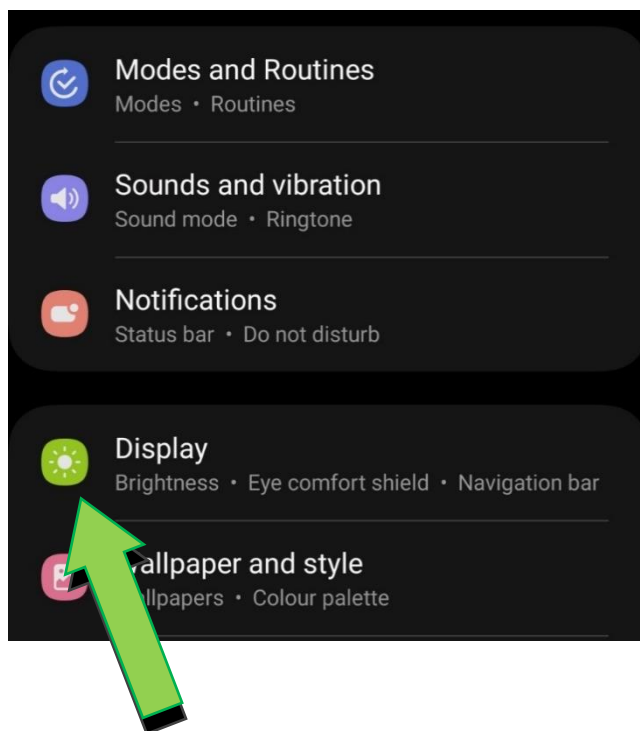

This will bring up an extra menu, where you can turn on adaptive brightness.

When turned on, this will automatically change your brightness based on lighting conditions.

Change Font Size

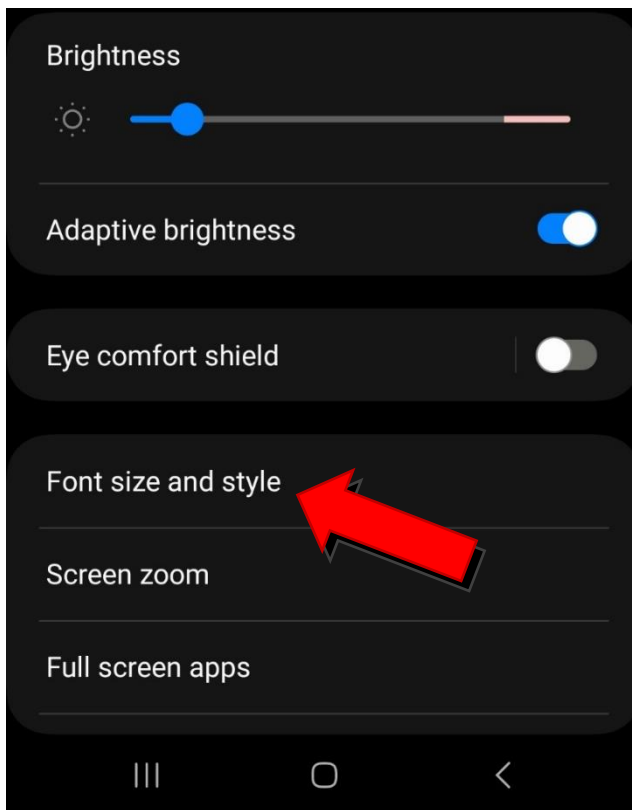

Start by opening the **Settings** app.

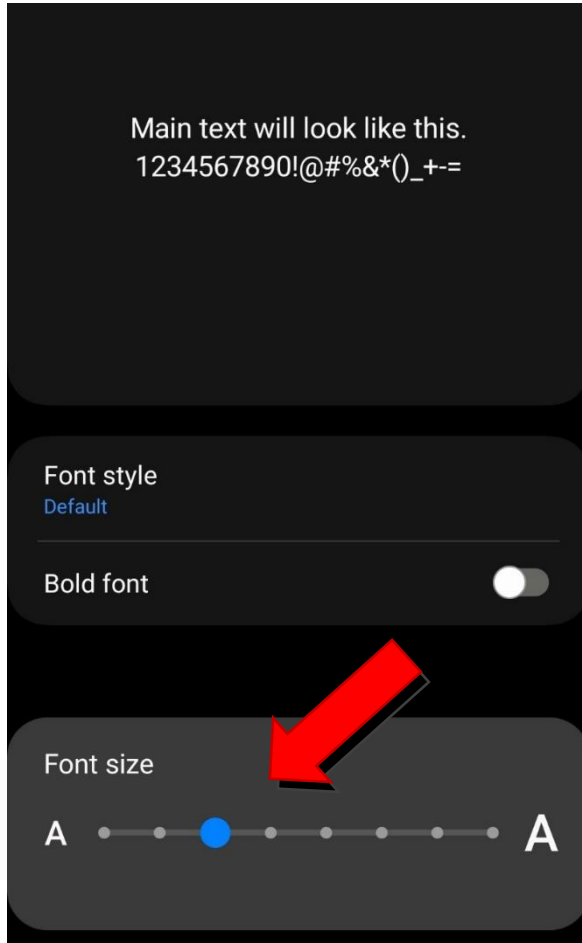

Tap on **Display**.

Spotted by the **green icon** and the **sun**.

Select **Font size and style**.

Use the slider at the bottom to change the text size throughout your device.

You can also change the font style, or turn on **bold** font, if you choose.
